TERMS AND CONDITIONS

This service agreement lays out the terms and conditions for Tito Brothers Treatment LLC (Now referred to as "Treatment Facility") and the biomedical waste transporter listed above (Now referred to as "Transporter").

Billing: Treatment Facility shall maintain Transport Company credit card/EFT on file and invoice the charges at completion of treatment of the biomedical waste.

Competition: Treatment Facility agrees to not compete with Transporter in the way of providing services directly to Transporter customers. Treatment Facility does not provide direct transportation services to small quantity generators.

Compliance: Transporter & Treatment Facility individually agree to carry all the necessary license, permits, and zoning authorizations required by Federal and State regulation bodies.

Deposit: Transporter agrees to maintain a \$500 refundable deposit that is refundable at termination of service. Deposit may only be used in the case of nonpayment of services due to Transporter payment failure.

Governing Law: This agreement is construed in accordance with Florida law.

Minimum Charge: If Transporter does not generate 2.5 tons (5,000 lbs) per month, Transporter agrees to pay Treatment Facility an increased pull charge of \$500 per pickup.

Term: The term of this agreement shall be month to month. Price increases by Treatment Facility must be made in writing 90 days in advance of the change. Termination of services must be made 90 days in advance by either party.

Waste Segregation: The Transporter agrees that regulated biomedical waste as defined by Florida State Regulations, is the only waste stream provided to Treatment Facility. The Transporter agrees not to place into the containers provided for disposal any pharmaceutical waste, hazardous waste, DEA listed "Controlled Substances", or other materials not meeting the definition of biohazardous waste provided by the State of Florida.
